

Profile

Capco is a leading international provider of consulting, managed services and technology solutions focused solely on the financial services industry

FORMING THE FUTURE OF FINANCE

About Capco

Capco is a global business and technology consultancy dedicated solely to the financial services industry. Our professionals combine innovative thinking with unrivaled first-hand industry knowledge to offer clients consulting expertise, complex technology and package integration, and managed services to move their organizations forward. We specialize in banking; capital markets; wealth and investment management; finance, risk & compliance; and technology.

Through our collaborative and efficient approach, we work where the key drivers of global finance – regulation, competition, merger, cost efficiency, customer service and innovation – lead to major change.

We serve our clients from offices in leading financial centers across North America, Europe and Asia and are proud to work with the majority of leading global financial services institutions.

Capco addresses complexity for clients using innovative solutions and deep industry expertise

What Capco achieves

Highly respected for its ability to apply focus and insight to address complexity and deliver large scale transformation programs, Capco helps clients successfully increase revenue, manage risk and regulatory change, reduce costs, and enhance control.

Exploiting opportunities and overcoming challenges

The global financial services industry faces the greatest challenges - and the most exciting opportunities - in its history. We understand the business drivers of global financial services. Working shoulder to shoulder with our clients, we address and then look beyond immediate issues of compliance and competition. We help foster an entrepreneurial, innovative and growth-focused approach.

Close to the issues - even closer to our clients

We pride ourselves on a highly detailed and individual knowledge of every one of our clients, built on deep assessment of current state, challenges and opportunities. We focus on the three key areas of client interaction - relationship, situational understanding, and industry experience and expertise.

A unique industry resource – thought leadership

We have built a concentration of specialist experience and expertise, including many leading industry figures who have successfully held “C level” roles. Applying our deep domain expertise, we create strong fact based thought leadership to serve our clients. The Capco Journal of Financial Transformation is ranked among the world’s foremost publications by the American Economic Association, the European Finance Association and the Social Science Research Network. We leverage our collaborations with academics and practitioners into end-to-end solutions that address the challenges of complexity.
